About LUCA

Luca Elevators was founded with a vision to redefine vertical mobility by delivering lifts tailored to every building's space, style, and requirements.

With 10+ years of combined industry expertise, we specialize in fully customized elevator solutions for homes, villas, apartments, and commercial buildings, combining safety, comfort, and seamless design.

- 10+ Years Experience
- All-India Coverage
- Wide Range of Lift Technologies

Why LUCA?

- Free Site Visit & Consultation
- Factory-Direct Pricing – No Middlemen
- Itemised Quotation
- Space-Optimized Lift Designs
- Premium Quality Components
- Fast Installation & Timely Delivery
- Dedicated After-Sales Support
- Transparent Pricing with No Hidden Costs

Our 4-Step Process

1. Free Site Feasibility Assessment & Consultation

Our engineers visit your site to assess feasibility, measurements, and requirements at no cost.

2. Itemised Quote

You receive a detailed, transparent quotation within 4 hours of the site visit.

3. Professional Installation

Our elevator specialists evaluate your property and guide you toward the lift mechanism best suited to your building's layout and needs.

4. Maintenance & Service

Ongoing maintenance plans to keep your lift running safely and smoothly for years.
